

Careers E-Guidance

We understand that parents will have questions about their son/daughters future career options and next steps, but may not always be able to secure an appointment with our Careers Adviser at Progress/Options evenings due to high demand. This is why we offer an E-Guidance service, enabling you to gain careers information and have your questions answered in order to support your child further.

Should you have any questions relating to jobs, employability, College, Sixth Form, University, Funding or simply your child's next steps after they finish school then please email them over to careers@beauchamps.essex.sch.uk

Mrs Emmerson will reply to you within 1 working week.
